

Instructions: How do I use this Site?

The committee will not respond to questions that are not submitted via this website. TIA-222-G FAQ site is limited to official Frequently Asked Questions (FAQ) about TIA-222-G "Structural Standard for Antenna Supporting Structures and Antennas." Each FAQ response represents the opinion of the committee, however the FAQ responses shall not be substituted for each user ' s responsibility to understand and implement the standard in accordance with Engineering theory, ethics and laws. The TIA TR14 Committee for the ANSI/TIA-222 Standard disclaims for itself, its committee members and the Telecommunications Industry Association any liability for any injury to persons or to property or other damages of any nature whatsoever, whether special, indirect, consequential or compensatory, directly or indirectly resulting from the use of or reliance upon information constrained on this web site or application of the activities or devices referenced herein. Each question shall be preceded by the section affected. Ex: Section 2.3.2 - ... Similarly, please enter the section number affected into the keywords field. This will allow users to focus their research. Submit one question per section. If more than one section is affected by the question, enter the section number of associated sections in the main body of the question. The committee will respond to questions that are clearly definable. Interpretations, questions that are the product of "engineering judgment," or are not directly related to the standard will not be addressed. In all cases a response will be returned to the originator of the submission including submissions that cannot be addressed by the committee based upon the policies listed above. To submit a question please use the "ask question" in the banner. If you do not receive a confirmation that the question has been submitted, please retry or contact the administrator for assistance at FAQ@TIA-222-G.COM. If you have additional questions or comments, please submit an email to FAQ@TIA-222-G.COM.
